Kevin Chase Claypool

1802 York Drive, Nacogdoches, TX 75965

claypoolkc@jacks.sfasu.edu **(785) 317-5105**

EDUCATION

B.S., Electrical Engineering, SFASU, Nacogdoches, TX, 2022 – present
A.A.S., Respiratory Therapy, Seward County Community College, Liberal, KS, 2010 - 2012
B.A., Social Science & Mass Communication, Kansas State University, Manhattan, KS, 2004 – 2008

WORK EXPERIENCE

◊ **Electrical Design & Process Internship**, Eaton Transformer Manufacturing, Nacogdoches, TX 2023-present
◊ **Facility Power Distribution Internship**, WestRock Paper Mill, Evadale, TX – Summer 2023
◊ **3d Modeling (Onshape) Internship**, Thermo/Probes, Houston, TX – Summer 2022
◊ **Registered Respiratory Therapist,** Christus Trinity Mother Frances, Tyler, TX, June 2017 – January 2020
◊ **Registered Respiratory Therapist (Neonatal),** Seton Main Hospital, Austin, TX**,** May 2015 – May 2017

TECHNICAL SKILLS

◊ Facility with Windows, Linux, terminal and root
◊ Proficient with Excel, Microsoft Office applications and electronic medical record systems
◊ Experience with Raspberry Pi, Arduino, PIC microcontrollers
◊ Skilled at root cause analysis and developing solutions for corrective course of action
◊ Fluent in English and Spanish with 7 years experience translating for physicians and medical staff
◊ Experience with warehouse and supply room accounting
◊ Full-spectrum knowledge/experience with advanced respiratory medical equipment, e.g., ventilators
◊ CAD modeling and design using OnShape, Solidworks, Blender for machining, 3d printing

PROJECTS*

◊ *Tap notes*: created a hands-free note-taking application to streamline clinical documentation
◊ *Therapist productivity system*: developed decentralized Windows-based productivity system for RT Dept.
◊ *Android custom ROM builds & compilation:* Employed Linux with GCC to compile Android from source
◊ *PIC microcontrollers:* Use of basic assembly language, Java, C++, Python
◊ *Overland Jeep hobbyist*: Performed extensive mechanical & electrical modifications to expand capabilities in austere environments
◊ *Indoor vegetable garden:* Designed/built automated/sensor-triggered watering system for home garden
◊ *"Scrapyard" XY Plotter:* children's toy modeled and coded from scratch
◊ *SFASU Robotics* - 2023: 2-arm SCARA + Kinematics; 2024: Power dist., modeling; 2025: Power Dist., PCB design

**Projects available to share by request*

CERTIFICATIONS

◊ Registered Respiratory Therapist (RRT)
◊ Advanced Cardiac Life Support (ACLS), certified
◊ Pediatric Advanced Life Support (PALS), certified
◊ Neonatal Resuscitation Protocol (NRP), certified
◊ Six Sigma – Green Belt (2023)
